MAKING THE MOST FOR MOTHERS DAY

Because we all love our Mothers so much, we rolled up our sleeves & went to work to make lovely gifts for them.

We started by making soap & everyone pitched in. Mixing & pouring our fresh soap into moulds that would make nice shapes for Mum.

Achievement Award Week 2 to Harriet Nolan for being a good sport & having a great attitude.

Achievement Award Week 3 to Ella Rose Rankin for being an outstanding role model.

Continued Page 3
REMINDERS

There is no Active After School Sports on Wednesday 28th May. This means that the bus will leave the school at 3.00pm.

SMALL SCHOOL ART SHOW RESULTS

As usual we had an excellent artistic turn-out for the Currabubula Art Show that is reflected in the results below.

FIRST— Stage 1
Black & white
Jack Gould

HIGHLY COMMENDED—Stage 2
Black & White
Lydia Aulton; Georgie Harrison

ENCOURAGEMENT
Photography
Poppy Davison; Aishea Rankin

WELL DONE!

Thank you

Extra big thanks to Emily & Rorie Chambers for their help with the Gunnedah & Currabubula Art Displays.
GIFTS FOR MOTHER’S DAY

From front page....

And because we’re fans of our Mums (ha ha) we decorated fans to give them, using stamps & paints to make beautiful, individual patterns just for them.
WHERE ARE THEY NOW?
Will, Alasdair & Cate Cadell were students at Premer between 1994 & 2004.

When Will started Kindergarten at Premer in 1994 his passion was dinosaurs and all things scientific. (His Science teacher Mrs Beer was very patient with him!)

Now 25, he recently graduated from Sydney University with a Bachelor of Veterinary Science.

Last year he went to South Africa for two months to work in Johannesburg Zoo and to help capture wildlife like giraffes and buffalo for other zoos and game parks.

Will now has a new job at a vet practice in Young, NSW.

Cate started Kindergarten in 1996, with a tendency to all things artistic and dramatic (much to the frustration of her teachers at times!)

After finishing high school she spent six months in Ghana in West Africa teaching in a village school (with a couple of months practice helping out at Premer first!)

Now 22, she has just finished a Bachelor of Communications at UTS in Sydney and is in Beijing doing a final year of International Studies.... learning Mandarin (what they speak in China!) She rides a pushbike to Uni there every day and lives in a Hutong, which is a very old part of the city with tiny courtyard houses and no cars allowed! The pollution is so bad on some days that everyone wears gas masks to school!

Al (or Alasdair) started Kindy in 1998. He is now 21 and studying Agriculture at UNE in Armidale.

He loved riding the bus to school with Mr Panormo who knew lots of 'cool stuff' about music and played the drums. Al later went on to learn the drums in high school. Thanks, Mr Panormo!

They all loved Premer School. They say it was a great place to learn and a place where everyone got to join in and 'have a go' at everything.
A WELCOME VISITOR

Mrs Cameron was lucky enough to see this visitor in our school grounds one evening.

Do you know what kind of bird he is?

Can you tell where he’s sitting?

Examples of our students’ wonderful writing skills.

CATTLE
By Harold Braun

Cattle running through the paddocks
Grazing hungrily on green grass.
Smelling whatever comes their way.
Swinging their tails to swash the flies away.
Cattle drinking thirstily from the dam.
Still fly swatting, needing a snooze before nightfall, bellowing for more.

Dogs
By Ella Rose Rankin

We have many dog owners.
I even have four of them,
A Shih-Tzu and three blue healers.
Franko, Robyn, Benji and Trinity.
